We Laxmi Felts are the leading manufacturer, supplier and exporter of Chemical Bond Fabric, Woolen Felt, Thermal Bond Fabric and many more.

A b o u t U s

Established in **1978**, **Laxmi Felts** has successfully acquired a strong foothold in the field of **manufacturing, supplying** and **exporting** a wide range of **Chemical Bond Fabric, Wooden Felt, Thermal Bond Fabric, Fabric Raw Material** and many more. Our experienced and talented team of professionals enable us to deliver at par with international quality standard products. We manufacture our products using quality raw material and advanced machinery. Our infrastructure is robust and it is divided into various sections to meet the huge demands of the market. These sections are furnished with state of the art machinery and modern computerized systems through which we are able to build our products with great precision.

We gained our expertise and perfection in this field under the guidance of **Mr. Prashant Tapar**, who is the business manager of our company. He has been guiding us in every field in the process of manufacturing the products. Our company was established with a mission to benchmark its success in the business of manufacturing and supplying Fabric and Felt. Further, to fulfill this mission we envision satisfying our clients by delivering our range of products.

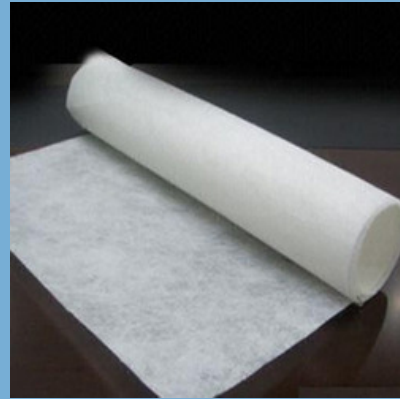

Our infrastructure is spread over a vast area of land in Rajasthan. We have a production line of high tech machinery. Our high tech machinery and hardworking man force provide the support and strength to face the toughest market competition. Each department is a growth in itself, and its uniqueness lies in its structure. We owe the huge success in the market by offering best quality products to clients. Quality is an important part of our work ethics that is maintained at every single level of production. Starting from the procurement of raw materials to the finished product, various stringent quality tests are conducted.
